

## Artist Statement

Human usually have recurring images that reside vaguely in their brains. An image has at least a shape at first, but one keeps repeating itself with a limited meaning until it loses its own values, becomes merely a shape that call upon a perplexity. In her practice, therefore, she wants to reconnect with her intimate images by accessing their inner world through paintings, resurrect their essences and rediscover their hidden characters through an ecstatic quality of vision.

Xiuching Tsay (b.1993 Thailand) She graduated MA Painting at Royal College of Art in 2019 and based in Bangkok and London.
